INSURANCE COVERAGE, LLC
Store It. Insure It.

MAKE THE SAFEST PLACE EVEN SAFER

Intro to *SecurePlus*

INSUREMYBOX.COM
(844) 4-BOX-INSURANCE

SDBIC *SecurePlus* is the first insurance-focused accreditation program uniquely designed to address the specific needs of both the vault facility and their individual customers. It is the most comprehensive and cost effective insurance program available to vault-owners in the market today.

Achieve A Competitive Advantage

SecurePlus accredited vault companies enjoy a distinct competitive advantage over banks and depositories, such as Brinks or Delaware Depository, while further enhancing the value of its core storage services to better attract and retain customers.

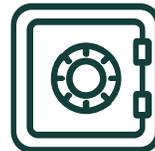

Accredited vaults are able to provide a fixed amount of insurance coverage to each occupied unit, then allow each client to obtain and pay for additional standalone insurance for the remaining full value of their box contents.

The additional insurance is issued directly in the clients name for the precise amount of coverage needed, so your clients are fully protected in the event of a loss.

This minimizes the cost to you, the vault facility owner, since coverage is not being maintained on unoccupied boxes, or for an amount that greatly exceeds the value of the property in a box, which often happens with a single aggregate policy.

Why this Matters to you:

- Offer your customers what local financial institutions and other non-accredited vault facilities cannot
- Compete with larger “insured depositories”
- Eligible for referrals from nationwide network of partners
- Leverage marketing provided by SDBIC/AXA ART

PLUS Your vault facility can now provide insured storage for IRA custodians

The Accreditation Process

SecurePlus accreditation was developed by SDBIC in response to the lack of recognized standards to assess the safety of contents being stored at private vault facilities. To become accredited, a facility undergoes a rigorous on-site assessment of its physical design and operations, involving analysis and inquiries in over 200 different areas ranging from vault design and construction, physical and electronic security, access technology and controls, fire detection and suppression, institutional policies and procedures, and management oversight.

World-Class Insurance Coverage

SDBIC insurance coverage is offered in partnership with AXA ART, the world’s leading art and collectibles insurance specialist. AXA Art Americas Corporation products are underwritten by AXA Insurance Company, which maintains an “A (Excellent)” Financial Strength Rating and an “a+” Issuer Credit Rating from A.M. Best. Both AXA ART and AXA Insurance Company are members of the global AXA Group, one of the largest insurance companies in the world.

SecurePlus Coverage Features

Items Covered

Insures all legal property including: cash, precious metals, firearms, art, collectibles, even wills, trusts, photos and digital data backups
